as attendance is limited!**

The Florida Kinship Center was founded eleven years ago by two USF Social Work Professors to provide support, resources and research for kinship families living in Florida. Through innovative and

evidence-based programs, the Florida Kinship Center has helped family members step in to love, nurture and care for their relative children when their parents no longer can. This support has brought about greater stability for children facing considerable challenges. Your participation in the Tailgate Party will help fund our national award-winning program, Kin as Teachers.
